

Terms of Use for The StormTracker Project

Effective Date: May 26, 2026

1. Acceptance of Terms

By clicking "I Agree" and utilizing the StormTracker Telegram bot, you agree to be bound by these Terms of Use. If you disagree with any part of these terms, you may not access the service.

2. Acceptable Use

StormTracker is an educational tool designed strictly for ear-training mentorship and analytical tracking. You agree to:

- Only upload relevant screenshots pertaining to musical ear-training.
- Refrain from uploading illicit, explicit, or malicious content, documents, or code.
- Not attempt to bypass, reverse-engineer, or manipulate the system's anti-fraud cryptographic mechanisms or role-based access controls.

3. Artificial Intelligence Disclaimer

StormTracker is powered by Large Language Models (LLMs). While we strive for accuracy, artificial intelligence can "hallucinate" or provide incorrect information. The StormTracker Project makes no warranties regarding the absolute accuracy of the musical advice, tone recognition, or performance metrics extracted. You agree to use the insights provided as supplemental guidance only.

4. Limitation of Liability

The StormTracker Project is provided on an "as-is" and "as-available" basis. To the maximum extent permitted by law, the developers and administrators shall not be liable for any indirect, incidental, or consequential damages, including loss of data, arising from your use of or inability to use the system, or from any unauthorized access to our servers.

5. Termination of Service

As an open-source initiative, we reserve the right to modify, suspend, or permanently terminate the service, or wipe the database, at any time and for any reason, without prior notice.

6. Contact

For any questions regarding these Terms, contact: israelanuoluwaposimi955@gmail.com.
